So, does Astra Lost in Space Vol. 5 both the landing? Yes and no. On one hand, the final chapters definitely suffer from a major loss of narrative steam. With that said, everything prior to them is excellent. Shinohara’s line-work is clean and pleasing to look at throughout, and there’s a lot of effective suspense.

Mix all those genres together and you get a solid description of Kenta Shinohara’s Astra Lost in Space, published by Viz Media. The series’s last few installments have impressed me greatly, and Vol. 4 is out this week. It collects chapters 29-37, in which the crew of the titular Astra encounter more twists and turns than ever before. This is a volume that shakes things up just to further rock the already upturned foundation.

My main quaim with this volume’s artwork is just that Yun-hua’s body is sometimes rendered very awkwardly. Her head is often smaller than her bust to the extent that it looks unintentionally comical in its ridiculousness. Overall, Astra Lost in Space Vol. 3 is a nearly flawless read. Several characters receive game-changing development, the series’s intrigue elements reach new heights, and the artwork is great throughout.

Thus far, Astra Lost in Space has impressed in its iterative quality: each succeeding volume surpasses its predecessor in quality, so it goes without saying this is the finest volume of the series yet. Having read the entire series when it released for free on VIZ’s site, I’ll leave it to you to discover if that ascension persists for the five-volume journey, but as it stands now, it’s a definite page-turner that grips me well after serialization.

Astra: Lost in Space is a genre crushing story. It has so much going on that I wouldn’t dare say it’s just “a sci-fi murder mystery,” because it’s not.

Can eight teenagers find their way home from 5,000 light-years away? It’s the year 2063, and interstellar space travel has become the norm. Eight students from Caird High School and one child set out on a routine planet camp excursion. While there, the students are mysteriously transported 5,000 light-years away to the middle of nowhere! Will they ever make it back home?! Conspiracies begin to unravel as the truth behind the Astra crew members’ circumstances comes to light. And at their last pit stop, Galem, the saboteur is revealed! Don’t miss the shocking conclusion! -- VIZ Media

After crashing on planet Icoris, all seems hopeless for the crew of the Astra. That is, until they discover another Astra hidden on the planet. And there’s a woman in cryogenic sleep inside! Will this new Astra be the ark that saves group B-5 from their despair? -- VIZ Media

The situation aboard the Astra intensifies as Zack reveals to Kanata that the ship’s communication system has recently been sabotaged and it’s likely one among them is the culprit! The crew members are overtaken with confusion and anger and begin questioning each other’s motives. Suddenly, the side of the Astra explodes! The controls and gravity system shut down, and the Astra is set on a collision course with the planet Shummoor. -- VIZ Media

Whatever You’ve Done, Whoever You Are Reunited with her beloved in both passion and purpose, Aya decides to join Tōya in the quest for his real memories. A visit to an island where Aya spent a summer in childhood promises one of their first real leads to that end--turns out Aya and Tōya met long before, back when she was a little girl with a seashell, and when he...looked just exactly the same as he does now! Despite not knowing who or even what Tōya may be, the two decide to travel back to kindly Doctor Kurozuka in Niigata Prefecture to make a life for themselves there. But Kagami is still on the hunt for Ceres’ hagoromo, and is in fact even closer to it than ever before. For every great advance, there must be an equally great sacrifice--how will Chidori figure into it? -- VIZ Media

Survival Of The Species Escorted about the facilities of the C-Project laboratories like the prize Mikage breeding-stock she is, Ceres uses the existence of Tōya’s child, now thriving inside her, to taunt the monomaniacal Kagami. An outraged Kagami tries to kill Ceres, but will another’s sacrifice be enough to protect this "First Mother" of all Celestial Maidens? Aya, initially horrified by Ceres’ claim to be "no different" than her relative, Kagami, eventually receives from Ceres the truth--about the past, about how things really were between her and the Progenitor...and about the shocking nature of the mysterious ten’nyo or “celestial maidens” themselves. -- VIZ Media
