Auditioning for an Acting Role: What to Expect. By Larry Garrison, Wallace Wang. When you're called in for an acting audition, the people present at the audition will include you, the casting director, and maybe a handful of other complete strangers. Some of these other people may be the producer, a camera operator (if they're taping the auditions), the casting director's bored friend or relative, a representative from the advertiser (in the case of a commercial audition), or a dance ...

If you'd like to learn more about acting for film. Auditioning for Theatre. Stage vs Screen. There is a big debate in the acting world about whether there is a difference between stage and screen acting. However, at the core of either argument is this: acting strives at truth. Many would say that that truth is often smaller on screen, and larger on stage, but it is still truth.

In this book, John W. Shepard provides a selection of proven techniques that can be used when auditioning for and performing in films, soap operas, sitcoms, commercials and other television shows.

The casting director for Chicago, Pippin, Becket, Gypsy, The Graduate, the Sound of Music and Jesus Christ Superstar tells you how you can find your dream role! Absolutely everything an actor needs to know to get the part is here: What to do that moment before, how to use humour; create mystery; how to develop a distinct style; and how to evaluate the place, the relationships and the competition. In fact, Audition is a necessary guide to dealing with all the "auditions" we face in life. This is the bible on the subject.

Provides a guide to auditioning for film and theatrical roles with confidence, including tips on preparing for a role, finding the right monologues and songs to showcase talent, and dealing with creative criticism.

A step-by-step guide for training young actors to audition well by developing acting skills. Contains more than sixty relevant acting "explorations" (exercises) plus fourteen sample audition pieces from contemporary playwrights.

This volume offers strategic approaches to auditioning for women, men, and non-binary actors of the global majority. It provides a fresh approach from the perspectives of two directors of color who are also actors working in theater, film, and television.

Acting & Auditioning for the 21st Century covers acting and auditioning in relation to new media, blue and green screen technology, motion capture, web series, audiobook work, evolving livestreamed web series, and international acting and audio work. Readers are given a methodology for changing artistic technology and the global acting market, with chapters covering auditions of all kinds, contracts, the impact of new technology and issues relating to disabled actors, actors of colour and actors that are part of the LGBTQIA community.

Describes the four types of auditions, tells actors how to prepare for each one, and includes advice on resumes and callbacks

Every actor knows that working in commercials is lucrative. But many actors, trained primarily for working on the stage, have mistaken ideas about this field and lack essential on-camera experience. Now in an updated and expanded edition, Acting in Commercials is the only resource that fills all the gaps in the performer's knowledge of this demanding medium. Invaluable for its insight into the craft as well as the business of acting, it tells you how to prepare for commercial auditions and, once you've landed a job, how to deliver the most expressive on-camera performance—leading to more work and success in a competitive field. Author Joan See illuminates all the secrets she has learned while appearing in hundreds of commercials over the past thirty years. She shows you how to approach five distinctly different commercial forms and explains the specific acting techniques to employ in each. In fact, Acting in Commercials will take you beyond commercial work, sharpening all your acting skills for a broader film and television career.

To win a screen role, an actor must learn to contend with an on-camera audition. Understanding how to make the crucial adjustments to one's craft that this kind of audition requires is vital to the career of any screen actor. Auditioning On Camera sets out the key elements of a successful on-camera audition and explains how to put them into practice. Joseph Hacker draws on 35 years of acting experience to guide the reader through the screen auditioning process with an engaging and undaunting approach. Key elements examined include: textual analysis knowing where to look dealing with nerves on-camera interviews using the environment retaining the camera's focus The book also features point-by-point chapter summaries, as well as a glossary of acting and technical terms, and is a comprehensive and enlightening resource for screen actors of all levels.

"All the elements of preparing a monologue audition - script analysis, staging, voice, timing, gesture, movement and self-presentation skills - are thoroughly explored here. The goal of the book, as Ms. Kohihaas states in her Introduction, is not only to help you prepare for auditions, but to make working on monologues a regular and enjoyable part of your acting life. As you follow the author along the path she charts, you are not only learning to rehearse monologues effectively, you are learning to turn auditions into exciting ways to grow and challenge yourself as an actor."--BOOK JACKET.
