Overview This is the second edition of the well-regarded local text, Employment Relations. This new edition takes an even more practical approach to a complex area, considering both the industrial regulation and human resources dimensions of the employment relationship. As well as providing a comprehensive guide to employment relations in Australia, the text also offers a selective international comparative view on the management of the employment relationship. The text explains and emphasises the real-world connections between the important theories of industrial relations and human resources, which are key components of the employment relations discipline. The overarching aim is for students to gain a deeper understanding of the 'World of Work', through the discipline of Employment Relations.

Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Directed primarily toward undergraduate courses in human resource management, this text also provides practical content to current and aspiring industry professionals. Fundamentals of Human Resource Management covers a wide range of HR topics and shows readers the importance of human resource management within the restraints of a compact semester. Offering a wealth of functional examples and applications, this text emphasizes the notion that all managers need basic human resource management skills. This edition is the first text on the market to build its core around the talent management process--which the author defines as the goal-oriented and integrated process of planning, recruiting, developing, managing, and compensating employees. Note: This is the standalone book, if you want the book/access card order the ISBN below: 013335508X / 9780133355086 Fundamentals of Human Resource Management Plus MyManagementLab with Pearson eText -- Access Card Package Package consists of: 0132994909 / 9780132994903 Fundamentals of Human Resource Management 0133020215 / 9780133020212 MyManagementLab with Pearson eText -- Access Card -- for Fundamentals of Human Resource Management

Human Resource Management Strategic Analysis Text and Cases has been designed to provide the comprehensive knowledge about the subject. The book combines the operational as well as the strategic aspects of HRM. it presents detailed coverage of the principles and concepts of HRM including its strategic aspects. The text provides logical and analytical application of the concepts. The strategic analysis involves integrative approach of HRM with strategic management. Case studies have been given at the end of each chapter to make subject more practical and analytical. Salient Features of the book * Covers all relevant topics of HRM * Integrates operational HRM with strategic management * Inspires managerial actions to successfully deal with the challenges and emerging trends in HRM * Provides holistic view of global HRM * Simple and readers friendly language * Invaluable text For The students of MBA, M.Com., and other post graduate students who are specializing in HRM * Useful guide for HR professionals and executives of corporate section

This text is designed to provide authoritative and accurate information on HR-related responsibilities and personnel management by focusing on practical applications, concepts, and techniques that all managers can use in business.

In the coming years, escalating retirement and turnover rates among community college administrators and faculty will decidedly create a void for professionals in the workforce development field. Using this book as your field guide, you can expand your range of knowledge and skills, enhancing local institutional and program experience to better respond to local workforce needs.

Featuring practical, experience based exercises and case studies in each chapter, Basic Concepts of Human Resource Management will give your students a strong foundation in the basic concepts of HR Management in health care. Beginning with a survey of HRM, from its beginnings to present-day trends, the text moves on to cover state and federal healthcare laws, codes of ethics, staffing organizations, training and development, employee relations, and long-term planning. Each section focuses on a key area of HRM, with individual chapters providing support materials and resources for personnel. The text is designed to be equally accessible and useful for both established human resource departments in large-scale organizations and general managers of smaller organizations with no specialized HR department. Key Features: Clearly established learning objectives for each chapter Concise summary of chapter materials in the concluding section List of key vocabulary terms for each chapter Student workbook activities to encourage concept retention and facilitate engagement Reference section at the end of each chapter for further reading
