need quickly. From white papers and investment commentary to RFPs, product literature, and beyond, this book is the financial writer's "bible" that you should keep within arm's reach.

Investment writing is one of the primary influences on investors' attitudes. It educates, informs decisions, shapes opinions, and drives behavior—so shouldn't it be expertly-crafted to achieve its intended goal? This book explains the "tricks of the trade" to help you get your message across.

Understand the principles of effective investor communication

Master the conventions of informative and persuasive writing  
Examine well-written sample documents from real-world institutions  
Improve

research papers, presentations, investor letters, marketing literature, and more. Virtually all firms with investors as clients need to communicate to them regularly, but few financial professionals receive formal training in investor communications. When investors' opinions, attitudes, and actions determine the health of your company, it is vitally important that these communications not be left to chance. The Investment Writing Handbook provides essential guidance and clear explanations to help you transform your communication strategy, execution, and results.

Writing is never easy, but this book can make it easier. With

For Accountants Eighth Edition  
attentiveness and experience, Claudia Kousoulas gives readers applied writing, editing, and production approaches that provide a clear path to completing a document and tools that ensure it is engaging and professional. The book follows a project's path from initial assignment and conception, through sorting out what's significant, shaping it into a message, and guiding readers to an action. It addresses the different types of documents planners have to create, the different media they use, and the different audiences they address. Its strategies will help writers start a project and see it through to a clear and coherent piece of work that serves its purpose. This

relevance writing has to their own lives and learning. Based on their practical experience and what research says is the most effective practice, the authors share detailed guidance on how teachers can provide writing study lessons drawing on what real writers do and how to teach grammar effectively. They also share a variety of authentic class writing projects with accompanying teacher notes that will encourage children to use genres appropriately, creatively and flexibly. The authors' simple yet comprehensive approach includes how to teach the processes and craft knowledge involved in creating successful and meaningful texts. This book is invaluable for all primary
