Jack London ' s short story To Build a Fire, tells of a man and his wolf dog struggling to survive in the frozen Yukon. Written in 1908, just after the Klondike Gold Rush, the tale exemplifies naturalism as a literary movement. Naturalism presents both the social and natural environments as indifferent and harsh to their inhabitants; humans have no free will, and keen instinct rather than civilized intellect is necessary for survival.

Raw, real, and relatable, this book is your guide to navigating life's fires. Bianca Olthoff is here to show that our struggles and hardships may be the fire that refines us instead of destroys us, brings us hope instead of despair, and leads us right into the arms of a God who loves us. Play with Fire, the debut book by popular speaker and teacher Bianca Juarez Olthoff, is the reminder that God isn't waiting until you have more resources or a spouse or a job so he can use you. He's ready to use you now. Using the mythical creature, the Phoenix, which was also referenced by early church leaders, she parallels this story with God's work in her own life, highlighting the beauty of reinvention with fire as both the impetus and the method for change. Olthoff reminds us that we serve a God who is redemptive and can take the worst situations and use them for His glory. Play With Fire is a Bible-infused message that will help women discover: The way out of the middle is moving forward The personal and powerful nature of the Holy Spirit The power and sacrifice of transformation The unique calling and purpose of life involves transformation With Olthoff's distinct style, strong storytelling gifts, and powerful bible teaching, Play with Fire will remind readers that God has huge dreams for them. In Bianca's words, "He's whispering in the wind and speaking through the fire and shouting in silence the extraordinary dream He is birthing in you. His dream for you is far greater than the dream you have for yourself. It's not your identity or income or influence that will make this happen. Like Zechariah 4:6 says, "'It's not by might nor by power, but by my Spirit,' says the Lord." It's time to play with fire. Study guide and video study also available.

In this five-session video based Bible study (DVD/digital video sold separately), Bianca Juarez Olthoff delivers a bible-infused message that will help women gain new insight into God's character, discover the personal and powerful nature of the Holy Spirit, and understand the unique fire God places in each person, helping them to fulfill their God-given calling and Kingdom purpose. Fire can burn and destroy but it can also refine and bring beautiful new life. In each powerful video session you will be reminded, or perhaps learn for the first time, that God has HUGE dreams for you. He's whispering in the wind and speaking through the fire and shouting in silence the extraordinary dream He is birthing in you. His dream for you is far greater than the dream you have for yourself. It's not your identity or income or influence that will make this happen. Like Zechariah 4:6 says, "It's not by might nor by power, but by my Spirit," says the Lord. God isn't waiting until you have more resources or a husband or a job so he can use you. He can use you now. Stop asking when you are going to get your gifts or talents or calling and see what's in your hand. You need to play with some fire. Sessions include: Crying Out Surrender God's Promises Community Holy Spirit Designed for use with the Play with Fire Video Study 97803100880707 (sold separately).

In the fire service, information is critical to firefighter safety and efficiency. Fire Engineering's Study Guide for Firefighter I and II will provide the student with a comprehensive review of the material presented in each chapter of Fire Engineering's Handbook, providing a further check on how well the student absorbed the material. The Study Guide's multiple-choice questions provide both direct knowledge and situational application of the material. It is suggested that the student complete the Study Guide chapter-by-chapter, both before reading the Handbook as a pre-test and after reading the Handbook as an informational comprehension check. Used properly, Fire Engineering's Study Guide will reinforce the information learned and enhance the effectiveness of the educational package. Features: * Multiple-choice, short-answer, and true-or-false questions for each chapter of the Handbook * Answers at the end of each chapter * Corresponding page numbers to each answer in the Handbook

This study guide has been produced to complement the training text, Marine Fire Prevention, Fire-fighting, and Fire Safety, published by the U.S. Department of Transportation, Maritime Administration. Although the basic principles in marine fire-fighting have not changed, this study guide offers up-to-date information for a better understanding of the principles and the methodologies involved. In addition, this study guide includes all the contents required for a U.S. Coast Guard-approved marine fire-fighting course, as well as meets all the competencies for the International Convention for the Standards of Training, Certification, and Watchkeeping (STCW), per the latest 2010 Manila amendments. Moreover, this study utilises current-day examples, equipment, and techniques, breaking down the text into twelve easy-to-follow lessons: basic shipboard fire-fighting organisation and safety, causes of fires and methods of prevention, theories of fire, combating fire, extinguishing agents, extinguishing appliances, fire detection systems, fixed fire extinguishing systems, safety and fire-fighting equipment, and respirators and the self-contained breathing apparatus. These lessons will provide the students the knowledge to not only successfully fight shipboard fires, but prevent such fires and in doing so, keep his/her ship and all that ply the seas onboard safe.
