In addition to overseeing HOS regulations, the FMCSA is also responsible for the Compliance, Safety, and Accountability (CSA) program. The CSA program is used to identify high-risk carriers with safety problems and prioritize them for interventions, so it's important for fleet managers to understand how CSA scores work.

FMCSA Guide for Fleet Managers: Overview and Compliance Tips

Compliance with the FMCSA requirements for hours of service, which are recorded in driver logs, is very important. This is because driver logs are an essential part of the FMCSA logbook requirements. They can very often make or break an audit and subject you to strict action taken by the FMCSA if you haven't been compliant.

Electronic Logging Devices and Hours of Service Supporting Documents (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition) The Law Library presents the complete text of the Electronic Logging Devices and Hours of Service Supporting Documents (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition). Updated as of May 29, 2018 The Federal Motor Carrier Safety Administration (FMCSA) amends the Federal Motor Carrier Safety Regulations (FMCSRs) to establish: Minimum performance and design standards for hours-of-service (HOS) electronic logging devices (ELDs); requirements for the mandatory use of these devices by drivers currently required to prepare HOS records of duty status (RODS); requirements concerning HOS supporting documents; and measures to address concerns about harassment resulting from the mandatory use of ELDs. The requirements for ELDs will improve compliance with the HOS rules. This book contains: - The complete text of the Electronic Logging Devices and Hours of Service Supporting Documents (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition) - A table of contents with the page number of each section

National Registry of Certified Medical Examiners - Notice of Proposed Rulemaking (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition) The Law Library presents the complete text of the National Registry of Certified Medical Examiners - Notice of Proposed Rulemaking (US Federal Motor Carrier Safety Administration Regulation) (FMCSA) (2018 Edition). Updated as of May 29, 2018 The FMCSA proposes to establish and maintain a National Registry of Certified Medical Examiners (NRCME) and to require that all medical examiners who conduct medical examinations for interstate commercial motor vehicle drivers complete certain training concerning FMCSA physical qualification standards, pass a test to verify an understanding of those standards, and maintain competence by periodic training and testing. Following establishment of the NRCME and a transition period, FMCSA would accept as valid only medical examiners' certificates issued by medical examiners listed on the NRCME. The FMCSA is developing the NRCME program to improve highway safety and driver health by requiring that medical examiners be trained and certified to determine effectively whether a commercial motor vehicle driver's health meets FMCSA standards. The program implements requirements in 49 U.S.C. 31149 and supports FMCSA's goal to improve safety and reduce fatalities on our Nation's highways. This book
