Reduce, reuse and recycle - the nineteenth century way! This book is packed full of helpful hints and recipes from the early 1800s to the early 1900s, when the United States and Canada expanded their frontiers and intrepid pioneers set up frugal, self-reliant homesteads. It is not just for homesteaders or self-sufficiency purists - whether you live in a country cottage, a city apartment or a college dorm, this book contains a wealth of hints to help you save money, live a greener lifestyle and 'downsize'. It shows how to avoid expense and waste by using leftovers in new ways, substituting costly ingredients for more affordable ones and overcoming common household problems using everyday items. If you would like to find out how to make filling meals for just pennies - make cheese from sour milk - get rid of shiny elbows on suit jackets - cook with free wild plants - bring stale food back to life - make tea taste better and go further - use meat bones to shine shoes - or just brew your own beer in a tea-kettle, then this book is for you!

'A Treasury of Thrift' gives you the pick of the advice of the great thrifty writers of the past - including Benjamin Franklin, Samuel Smiles and Lydia Maria Frances Child, author of 'The American Frugal Housewife'. Rather than providing detailed advice on budgeting or investing, this little book of money saving quotations from great writers will help you change your 'money mindset'; the first vital step to help you grow towards financial security. It contains a wealth of thought-provoking ideas that you will want to return to again and again. This is a companion volume to 'Frontier Frugal' which gives hints on putting the thrifty philosophy of this book into practice.

A Comparative Vocabulary Study Guide: Spanish to English to Portuguese to Chinese is a four language vocabulary guide highlighting over 5,000 selected Spanish words that have either the same spelling and meaning as their English and Portuguese language counterparts or contain easily recognizable English and Portuguese meanings with a comparison to their Chinese language equivalents. Spanish is the language base for this guide. All Spanish words are given the general or specific meanings of Spanish currently spoken in Argentina. Spanish is the language to which the English definitions and the Portuguese equivalents are compared. The Chinese is matched to English definitions. This guide is designed after the "vocabulary first" method of language instruction as advocated by the author. It teaches a basic vocabulary by word association.
