There, at the top of that mountain, we might make a big pile of stones together. Then we might sit down and rest after the long climb. For once we might forget all our worries, large and small. We would have left them behind in the valleys." ? Jostein Gaarder, Hello? Is Anybody There?

**HELLO? IS ANYBODY THERE?** by Jostein Gaarder

In the hours before his brother is born, eight year old Joe has an unusual visitor, Mika, who falls out of a spaceship and lands upside down in an apple tree in Joe's garden. Hens, dinosaurs, an astronaut and a white rabbit all play their part in this magical story in which the encounter between Earth-boy and alien opens up the wonders of the universe.Tender and enchanting as The Little Prince and with the same classic quality, HELLO? IS ANYBODY THERE? confirms Jostein Gaarder as an exceptional writer for children. Sally Gardner's lively pencil drawings on almost every page make this a delightful package.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

From the creative genius of Jostein Gaarder, author of modern classic Sophie's World, comes a novel about loneliness and the power of words Jakop is a lonely man. Divorced from his wife, with no friends apart from his constant companion Pelle, he spends his life attending the funerals of people he doesn't know, obscuring his identity in a web of improbable lies. As his addiction spirals out of control, he is forced to reconcile his love of language and stories with the ever more urgent need for human connection. An Unreliable Man is a moving and thought-provoking novel about loneliness and truth, about seeking a place in the world, and about how storytelling gives our lives meaning. Decades after his global bestseller Sophie's World, Jostein Gaarder has written a poignant and funny book for our times - full of life and hope. Praise for Sophie's World 'A TOUR DE FORCE' Time 'EXTRAORDINARY' Newsweek 'A UNIQUE POPULAR CLASSIC' The Times 'A SIMPLY WONDERFUL, IRRESISTIBLE BOOK' Daily Telegraph

When fifteen-year-old Anna begins receiving messages from another time, her parents take her to the doctor. But he can find nothing wrong; in fact he believes there may be some truth to what she is seeing. Anna is haunted by visions of the desolate world of 2082. She sees her great-granddaughter, Nova, roaming through wasteland with a band of survivors, after animals and plants have died out. The more Anna sees, the more she realises she must act to prevent the future in her visions becoming real. But can she act quickly enough? 'Compelling' Sunday Times

Two former lovers are brought back together ... but can they really trust their pasts? The new novel from the bestselling author of SOPHIE'S WORLD. Through five intense years in the 1970s, Steinn and Solrunn had a happy life together. Then they suddenly parted ways, for reasons that are unclear to both. In the summer of 2007 they meet again on a balcony of an old wooden hotel by a fjord in western Norway. It is a place they both have fond memories from, and their meeting turns out to be fateful. But is it purely coincidental that they meet at that particular spot at that particular time? Over a couple of weeks that summer they write emails to each other, and it becomes clear that they have been living with very different interpretations of their shared past...

A picture book with fundamental philosophical questions, posed in a way only Jostein Gaarder is capable of. The illustrator has made an independent visual narrative that underscores the existential aspect of Jostein Gaarder's philosophical questions. Questions Asked shows confidence in a child's capacity to think deeply and read between the lines. The book follows a little boy traveling alone in an open landscape. Soon we realize he is on a journey of thoughts and dreams, asking questions about loss, myth, language, magic, and what it means to be a human being. Jostein Gaarder's philosophical questions merge with the beautiful illustrations of Akin Dizakin into a tale of friendship, love, and grief - and about daring to think about life as you live it.

Cinderella, Snow White, Sleeping Beauty, The Frog Prince, and The Princess and the Pea are the five most beloved princess stories in all of children's literature. In these fresh retellings, just right for reading aloud, the magic of the tales combines with the charm of the illustrations to delight anyone who loves a princess.

**HELLO? IS ANYBODY THERE?** by Jostein Gaarder

The story of a boy and his father on a car trip through Europe, searching for the boy's mother, who left many years ago to find herself. Structured as a deck of cards -- each chapter is one card in the deck -- The Solitaire Mystery subtly weaves together fantasy and reality, fairy tales and family history.

The magical adventures of a small boy who helps a frog turn back into a prince, and is rewarded with a visit to the Frog Castle. Here, in an Alice-in-Wonderland story where dreams and reality are intertwined and time is turned on its head, he meets a little princess called Aurora, a wicked lord chamberlain, a bold queen and a kind king whose heart is stolen away. In THE FROG CASTLE nothing is quite what it seems. As in all Gaarder stories, there is more to this than meets the eye: the subtext is a gentle exploration of birth and death, and a child learning to comprehend the loss of his beloved grandfather. Characterized by the charm and innocence that so many readers loved in HELLO? IS ANYBODY THERE?, THE FROG CASTLE confirms Jostein Gaarder as a wonderful storyteller whose special gift is to open children's eyes to the great mysteries.
