An investment proposal is the driving tool during a meeting with potential investors. It's a presentation that covers critical company information and metrics, hoping to get investors interested in funding a company, product, or project. The best investment proposal for business will present data in terms of ROI.

One of a kind learning package on Investment Banking by experts Rosenbaum & Pearl that includes Book, Downloadable Models + Online Course (practice questions, lecture videos). Get the foundation you need for success on Wall Street! In the aftermath of the subprime mortgage crisis and ensuing credit crunch, the world of finance is returning to the fundamentals of valuation and critical due diligence for M&A, capital markets, and investment opportunities. This involves the use of more realistic assumptions governing approach to risk as well as a wide range of value drivers. While valuation has always involved a great deal of "art" in addition to time-tested "science," the artistry is perpetually evolving in accordance with market developments and conditions. This unique learning experience, from bestselling authors and investment banking experts Joshua Rosenbaum and Joshua Pearl, provides insight on technical valuation fundamentals as well as practical judgement skills and the industry perspective needed to succeed on Wall Street. This comprehensive learning package includes: Investment Banking, Valuation, Leveraged Buyouts, and Mergers & Acquisitions, 2nd Edition - the highly accessible and authoritative guide to corporate valuation access to five downloadable valuation model templates, including Comparable Companies Analysis, Discounted Transactions Analysis, Discounted Cash Flow Analysis, Leveraged Buyout Analysis, and M&A models Six-month access to online Wiley Investment Banking Valuation Course featuring bite-sized lessons, over five hours of video lectures, 100+ practice questions, and other investment banking study tools Whether you're just starting your career in investment banking or looking to dive deeper into valuation, Investment Banking: Valuation Models + Online Course will help you navigate the world of price mergers, acquisitions, and buyout transactions and gain real-world experience with the fundamental analytical tools and methodologies used in valuing companies.

Investment Banking, UNIVERSITY EDITION is a highly accessible and authoritative book written by investment bankers that explains how to perform the valuation work at the core of the financial world. This body of work builds on Rosenbaum and Pearl's combined 30+ years of experience on a multitude of transactions, as well as input received from numerous investment bankers, investment professionals at private equity firms and hedge funds, attorneys, corporate executives, peer authors, and university professors. This book fills a noticeable gap in contemporary finance literature, which tends to focus on theory rather than practical application. It focuses on the primary valuation methodologies currently used on Wall Street—comparable companies, precedent transactions, DCF, and LBO analysis—as well as M&A analysis. The ability to perform these methodologies is especially critical for those students aspiring to gain full-time positions at investment banks, private equity firms, or hedge funds. This is the book Rosenbaum and Pearl wish had existed when we were trying to break into Wall Street. Written to reflect today's dynamic market conditions, Investment Banking, UNIVERSITY EDITION skillfully introduces students to the primary valuation methodologies currently used on Wall Street Uses a step-by-step how-to approach for each methodology and builds a chronological knowledge base Defines key terms, financial concepts, and processes throughout Provides a comprehensive overview of the fundamentals of LBOs and an organized M&A sale process Presents new coverage of M&A buy-side analytical tools—which includes both qualitative aspects, such as buyer motivations and strategies, along with technical financial and valuation assessment tools Includes a comprehensive merger consequences analysis, including accretion/dilution and balance sheet effects Contains challenging end-of-chapter questions to reinforce concepts covered A perfect guide for those seeking to learn the fundamentals of valuation, M&A, and corporate finance used in investment banking and professional investing, this UNIVERSITY EDITION—which includes an instructor's companion site—is an essential asset. It provides students with an invaluable education as well as a much-needed edge for gaining entry to the ultra-competitive world of professional finance.

Mergers & Acquisitions For Dummies (9781119543862) was previously published as Mergers & Acquisitions For Dummies (9780470385562). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The easy way to make smart business transactions Are you a business owner, investor, venture capitalist, or member of a private equity firm looking to grow your business by getting involved in a merger with, or acquisition of, another company? Are you looking for a plain-English guide to how mergers and acquisitions can affect your investments? Look no further. Mergers & Acquisitions For Dummies explains the entire process step by step—from the different types of transactions and structures to raising funds and partnering. Plus, you'll get expert advice on identifying targets, business valuation, doing due diligence, closing the purchase agreement, and integrating new employees and new ways of doing business. Step-by-step techniques and real-world advice for making successful mergers and acquisitions Covers international laws and regulations How to take advantage of high-value deals Going beyond the case studies of other books, Mergers & Acquisitions For Dummies is your one-stop reference for making business growth a success.

A top-notch resource for anyone who wants to break into the demanding world of investment banking For undergraduates and MBA students, this book offers the perfect preparation for the demanding and rigorous investment banking recruitment process. It features an overview of investment banking and careers in the field, followed by chapters on the core accounting and finance skills that make up the necessary framework for success as a junior investment banker. The book then moves on to address the kind of specific technical interview and recruiting questions that students will encounter in the job search process, making this the ideal resource for anyone who wants to enter the field. The ideal test prep resource for undergraduates and MBA students trying to break into investment banking Based on author Andrew Gutmann's proprietary 24 to 30-hour course Features powerful learning tools, including sample interview questions and answers and online resources For anyone who wants to break into investment banking, How to Be an Investment Banker is the perfect career-making guide.

Startup money is moving online, and this guide shows you how it works. The Art of Startup Fundraising takes a fresh look at raising money for startups, with a focus on the changing face of startup finance. New regulations are making the old go-to advice less relevant, as startup money is increasingly moving online. These new waters are all but uncharted—and founders need an accessible guide. This book helps you navigate the online world of startup fundraising with easy-to-follow explanations and expert perspective on the new digital world of finance. You'll find tips and tricks on raising money and investing in startups from early stage to growth stage, and develop a clear strategy based on the new realities surrounding today's startup landscape. The finance world is in a massive state of flux. Changes are occurring at an increasing pace in all sectors, but few more intensely than the startup sphere. When the paradigm changes, your processes must change with it. This book shows you how startup funding works, with expert coaching toward the new rules on the field. Learn how the JOBS Act impacts the fundraising model Gain insight on startups from early stage to growth stage Find the money you need to get your venture going Craft your pitch and optimize the strategy Build momentum Identify the right investors Avoid the common mistakes Don't rely on the "how we did it" tales from superstar startups, as these stories are unique and applied to exceptional scenarios. The game has changed, and playing by the old rules only gets you left behind. Whether you're founding a startup or looking to invest, The Art of Startup Fundraising provides the up-to-the-minute guidance you need.

Investment Banking Praise for Investment Banking, UNIVERSITY EDITION "This book will surely become an indispensable guide to the art of buyout and M&A valuation, for the experienced investment practitioner as well as for the non-professional seeking to learn the mysteries of valuation." —David M. Rubenstein, Co-Founder and Co-Executive Chairman, The Carlyle Group Host, The David Rubenstein Show: Peer to Peer Conversations "The two Joshes present corporate finance in a broad, yet detailed framework for understanding valuation, balance sheets, and business combinations. As such, their book is an essential resource for understanding complex businesses and capital structures whether you are on the buy-side or sell-side." —Mitchell R. Julis, Co-Chairman and Co-CEO, Canyon Partners, LLC "Investment Banking provides a highly practical and relevant guide to the valuation analysis at the core of investment banking, private equity, and corporate finance. Mastery of these essential skills is fundamental for any role in transaction-related finance. This book will become a fixture on every finance professional's bookshelf." —Thomas H. Lee, President, Lee Equity Partners, LLC Founder, Thomas H. Lee Capital Management, LLC "As a pioneer in public equities, Nasdaq is excited to be partnering with Rosenbaum and Pearl on investment Banking as they break new ground on content related to IPOs, direct listings, and SPACs. We recommend the book for any shareholder and senior executive looking to take a company public, as well as their bankers and lawyers." —Adena Friedman, President and CEO, Nasdaq "Investment Banking requires a skill set that combines both art and science. While numerous textbooks provide students with the core principles of financial economics, the rich institutional considerations that are essential on Wall Street are not well documented. This book represents an important step in filling this gap." —Josh Lerner, Jacob H. Schiff Professor of Investment Banking, Harvard Business School Co-author, Venture Capital and Private Equity: A Casebook "Valuation is the key to any transaction. Investment Banking provides specific step-by-step valuation procedures for LBO and M&A transactions, with lots of diagrams and numerical examples." —Roger G. Ibbotson, Professor in the Practice of Finance, Yale School of Management Chairman and CIO, Zebra Capital Management, LLC Founder, Ibbotson Associates "Investment Banking provides fresh insight and perspective to valuation analysis, the basis for every great trade and winning deal on Wall Street. The book is written from the perspective of practitioners, setting it apart from other texts." —Gregory Zuckerman, Special Writer, The Wall Street Journal Author, The Greatest Trade Ever, The Frackers, and The Man Who Solved the Market Also available from the authors: Investment Banking WORKBOOK Investment Banking FOCUS NOTES Investment Banking ONLINE COURSE www.efficientlearning.com/investment-banking

Your money can change the world The Impact Investor: Lessons in Leadership and Strategy for Collaborative Capitalism offers precise details on what, exactly, impact investing entails, embodied in the experiences and best and proven practices of some of the world's most successful impact investors, across asset classes, geographies and areas of impact. The book discusses the parameters of impact investing in unprecedented detail and clarity, providing both context and tools to those eager to engage in the generational shift in the way finance and business is being approached in the new era of Collaborative Capitalism. The book presents a simple thesis with clarity and conviction: "Impact investing can be done successfully. This is what success looks like, and this is what it requires." With much-needed lessons for practitioners, the authors view impact investing as a harbinger of a new, more "multilingual" (cross-sector), transparent, and accountable form of economic leadership. The Impact Investor: Lessons in Leadership and Strategy for Collaborative Capitalism serves as a resource for a variety of players in finance and business, including investors. It demonstrates not only the types of investments which can be profitable and impactful, but also details best practices that, with roots in impact investing, will increasingly play a role in undergirding the success of all investment strategies. Wealth advisors/financial services professionals: With unprecedented detail on the innovative structures and strategies of impact investing funds, the book provides guidance to financial institutions on how to incorporate these investments in client portfolios. Foundations: The book explores the many catalytic and innovative ways for for-profit and non-profit investors to partner, amplifying the potential social and environmental impacts of philanthropic spending and market-rate endowment investment. Business students: By including strategies for making sound impact investments based on detailed case studies, it provides concrete lessons and explores the skills required to enhance prospects for success as a finance and business professional. Policy makers: Reinforcing the urgency of creating a supportive and enabling environment for impact investing, the book demonstrates ways policy has already shaped the sector, and suggests new ways for policymakers to support it. Corporate leaders: The book includes essential advice on the way business is and must be responding to a new generation of Millennial clients and customers, with unique insights into a form of value creation that is inherently more collaborative and outcomes-driven.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

A practical guide to effective business model testing 7 out of 10 new products fail to deliver on expectations. Testing Business Ideas aims to reverse that statistic. In the tradition of Alex Osterwalder's global bestseller Business Model Generation, this practical guide contains a library of hands-on techniques for rapidly testing new business ideas. Testing Business Ideas explains how systematically testing business ideas dramatically reduces the risk and increases the likelihood of success for any new venture or business project. It builds on the internationally popular Business Model Canvas and Value Proposition Canvas by integrating Assumptions Mapping and other powerful lean startup-style experiments. Testing Business Ideas uses an engaging 4-color format to: Increase the success of any venture and decrease the risk of wasting time, money, and resources on bad ideas Close the knowledge gap between strategy and experimentation/validation Identify and test your key business assumptions with the Business Model Canvas and Value Proposition Canvas A definitive field guide to business model testing, this book features practical tips for making major decisions that are not based on intuition and guesses. Testing Business Ideas shows leaders how to encourage an experimentation mindset within their organization and make experimentation a continuous, repeatable process.

Super Founders uses a data-driven approach to understand what really differentiates billion-dollar startups from the rest—revealing that nearly everything we thought was true about them is false! Al Tamaseh has spent thousands of hours manually amassing what may be the largest dataset ever collected on startups, comparing billion-dollar startups with those that failed to become one—30,000 data points on nearly every factor: number of competitors, market size, the founder's age, his or her university's ranking, quality of investors, fundraising time, and many, many more. And what he found looked far different than expected. Just to mention a few: Most unicorn founders had no industry experience, There's no disadvantage to being a solo founder or to being a non-technical CEO. Less than 15% went through any kind of accelerator program. Over half had strong competitors when starting—being first to market with an idea does not actually matter. You will also hear the stories of the early days of billion-dollar startups first-hand. The book includes exclusive interviews with the founders/investors of Zoom, Instacart, PayPal, Nest, GitHub, Flatiron Health, Kite Pharma, Facebook, Stripe, Airbnb, Lyft, DoorDash, Coinbase, and Square, venture capital investors like Elad Gil, Peter Thiel, Alfred Lin from Sequoia Capital and Keith Rabois of Founders Fund, as well as previously untold stories about the early days of ByteDance (TikTok), WhatsApp, Dropbox, Discord, DiDi, Flipkart, Instagram, Careem, Peloton, and SpaceX. Packed with counterintuitive insights and inside stories from people who have built massively successful companies, Super Founders is a paradigm-shifting and actionable guide for entrepreneurs, investors, and anyone interested in what makes a startup successful.
