Sasha, who lives a quiet life with her grandfather in Chicago but dreams of adventure, is thrilled to be asked to prom by her longtime crush, Grant. But after the dance Grant abducts her and takes her to a parallel universe to impersonate a princess.

India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and

philosophical ideas.

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Although it is well known by Italians, it is less so among foreign visitors. Bologna is the capital and largest city of Emilia-Romagna (a region in northern Italy). Bologna is famed for the oldest university in the Western world, lively student population, exquisite food, typical brick terracotta-roofed architecture and porticos, theatre and nightlife. It is considered second only to Venice in beauty by many Italians and certainly has one of the largest and best preserved historic centers among Italian cities. Its architecture is noted for its palette of terracotta reds, burnt oranges, and warm yellows, hence the name of Bologna la rossa (Bologna the red). Wink Travel Guides introduce you to the best world travel destinations, in a clear and concise way, illustrated by photos.

Tractors of the World is a comprehensive guide to more than 220 of the best-known tractors produced throughout the world over the last 120 years. It is illustrated with more than 400 color and black-and-white photographs and artwork; cutaway illustrations; and comprehensive specifications give technical and engineering information.

For those of you with a taste for the mysterious, this book should prove to be a tempting prospect. Scotland has always had a reputation for holding dark secrets through the ages and Ron Halliday's new book delves into the subject with descriptive vigour and a clarity that transports the reader to the very heart of the unexplained. With

Unidentified Flying Objects, ghosts, the occult and other inexplicable supernatural phenomena included, the book deals with a wide range of well-known and much-researched cases, each strange, disturbing and fascinating in their own way. Many parts of Scotland have provided the stage for these disquieting events, and famous landmarks are mentioned alongside lesser known locations. Halliday's book is worthwhile reading for all who have an interest in the paranormal, not only because it is written in an informative and accessible style, but because it researches events from a country whose name is synonymous with a mysterious past.
