Exploring the full psychiatric nursing curriculum, from theoretical foundations to interventions for commonly encountered disorders, *Psychiatric Mental Health Nursing 6th Edition* provides a practical focus on the skills and concepts students need for successful practice. Throughout the book, students have opportunities to practice specific nursing interventions, build therapeutic communication skills, and apply content within the framework of the nursing process. A study guide built into every chapter reinforces student learning and builds critical reasoning skills. The Sixth Edition is enhanced by new Best Practice boxes, new chapters, updated content, an increased focus on cultural considerations, a new design, and a new Psych Nursing Online Video Series that shows realistic patient scenarios and asks students to make decisions and answer questions about the video clip. In addition, the Sixth Edition is supported by online tools that cultivate deeper understanding and increased competency, including PrepU's adaptive quizzing and DocuCare, educational electronic health record software.

Accompanying CD-ROM contains ... "review questions for the NCLEX Examination, interactive exercises, animations, and an audio glossary."--Page 4 of cover.

The AJN Book of the Year award-winning textbook, *Psychiatric Nursing: Contemporary Practice*, is now in its thoroughly revised, updated Fourth Edition. Based on the biopsychosocial model of psychiatric nursing, this text provides thorough coverage of mental health promotion, assessment, and interventions in adults, families, children, adolescents, and older adults. Features include psychoeducation checklists, therapeutic dialogues, NCLEX® notes, vignettes of famous people with mental disorders, and illustrations showing the interrelationship of the biologic, psychologic, and social domains of mental health and illness. This edition reintroduces the important chapter on sleep disorders and includes a new chapter on forensic psychiatry. A bound-in CD-ROM and companion Website offer numerous student and instructor resources, including Clinical Simulations and questions about movies involving mental disorders.

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. *Psychiatric Nursing: Contemporary Practice 6th edition* provides instructors and students a comprehensive, recovery model approach to psychiatric mental health nursing. Mary Ann Boyd presents complex concepts in an easy-to-understand language with case studies, clinical vignettes, and patient experience videos for students to practice and apply psychiatric mental health content.
