Charles Feng

expertise of Margaret Ray and David Anderson. In this exciting new edition of the AP® text, Ray and Anderson successfully marry Krugman's engaging approach and captivating writing with content based on The College Board's AP® Economics Course outline, all while focusing on the specific needs and interests of high school teachers and students.

Like no other text for the intermediate microeconomics course, Goolsbee, Levitt, and Syverson's Microeconomics bridges the gap between today's theory and practice. A strong empirical dimension tests theory and

Charles Feng

successfully applies it. With carefully crafted features and vivid examples, Goolsbee, Levitt, and Syverson's text helps answer two critical questions students ask, "Do people and firms really act as theory suggests" and "How can someone use microeconomics in a practical way?" The authors teach in economics departments and business schools and are active empirical microeconomics researchers. Their grounding in different areas of empirical research allows them to present the evidence developed in the last 20 years that has tested and refined the fundamental theories. Their

Charles Feng

Macroeconomics in Context lays out the principles of macroeconomics in a manner that is thorough, up to date, and relevant to students. Like its counterpart, Microeconomics in Context, the book is attuned to economic realities--and it has a bargain price. The in Context books offer affordability, engaging treatment of high-interest topics from sustainability to financial crisis and rising inequality, and clear, straightforward presentation of economic theory. Policy issues are presented in context--historical, institutional, social, political, and ethical--and always
