Remedial education is assigned to assist students in order to achieve expected competencies in core academic skills such as literacy and numeracy. Whereas special education is designed specifically for students with special needs, remedial education can be designed for any students, with or without special needs; the defining trait is simply that they have reached a point of lack of preparedness, regardless of why. For example, even people of high intelligence can be under-prepared if their educ

In this book we are covers whole syllabus according to new pattern. We are successfully represents main points of the each topic in details & on Multiple-choice question base too. I am sure & hopeful that this book will be 'means of success' for the aspirants.

The sixth edition of Observation Skills for Effective Teaching focuses on observing others and incorporating the right tools, knowledge, and skills into your own practice - key principal means by which you can become an effective and professional teacher. Using this text, you will learn to observe in the following eight areas: learning climate, classroom management, lesson clarity, instructional variety, task orientation, student engagement, student success, and higher thought processes. These eight areas have been found by researchers to be related to desirable cognitive, social, and emotional outcomes in learners. This book will also teach you how to decide what to observe, how to effectively and efficiently observe in the classroom, and how to apply what you have learned through observation to grow as a reflective teacher. In addition, the book provides methodological concepts, observation instruments, and dialogues designed to help you see and practice research-based patterns of effective teaching. General Methods K-8 and Student Teaching

A collection of essays on the integration of English-as-a-Second-Language (ESL) and content area instruction in higher education includes: "Using Feedback from ESL Students To Enhance Their Success in College" (Trudy Smoke); "When There Are No Links Between ESL and Content Courses" (Elaine Brooks); "The Adjunct Model of Language Instruction: An Ideal EAP Framework" (Marguerite Ann Snow, Donna M.
