read this book first and  
get an immediate  
advantage.

Observations Plus

Recipes It has been said  
that science is the  
orderly collection of  
facts about the natural  
world. Scientists,  
however, are wary of

Download File

PDF Scientific

Research Paper

Examples  
using the word ‘fact.’  
‘Fact’ has the feeling of  
absoluteness and

universality, whereas  
scientific observations  
are neither ab- lute nor  
universal. For example,  
‘children have 20  
deciduous [baby] teeth’  
is an observation about  
the real world, but  
scientists would not call  
it a fact. Some children  
have fewer deciduous

Download File

PDF Scientific

Research Paper

teeth, and some have  
more. Even those  
children who have

exactly 20 deciduous

teeth use the full set

during only a part of

their childhood. When

they are babies and t-

dlers, children have less

than 20 visible teeth,

and as they grow older,

children begin to loose

their deciduous teeth,

which are then replaced

Download File

PDF Scientific

Research Paper

Examples  
by permanent teeth.  
'Children have 20  
deciduous [baby] teeth'  
is not even a complete  
scientific sta- ment. For  
one thing, the statement  
'children have 20  
deciduous teeth' does  
not tell us what we  
mean by 'teeth. ' When  
we say "teeth," do we  
mean only those that  
can seen be with the  
unaided eye, or do we
