This book tells the amazing story of the Lamborghini Urraco. It describes the problems that beset this little supercar, and why it never got the chance it truly deserved. After its demise, the Urraco lived on in the form of the Silhouette and the Jalpa, and both these models are also covered in detail in the pages of this book. The unique Bravo and Athon concept cars are also described. Featuring detailed advice for potential buyers, as well as over 300 photos and illustrations, this is a fascinating and practical account of a future supercar classic.

When Fiat entered rallying in 1970, its ultimate aim was to become World Rally Champion and the 131 Abarth of 1976-1980 provided the machinery to make that possible. It started winning World rallies within months of being launched, and in 1977, 1978 and 1980 the 'works' team also won the World Championship for Makes, and set every standard by which Rally Giants were to be judged. Was there ever any doubt that successors like the Lancia Rally 037 and the Delta Integrale would eventually come from the same stable?
