searches, and even gambling. He also presents several real-time foreign indicators for anticipating swings in European and Asian economies. He explains what's happened to the global and domestic U.S. economy in recent years, showing how financial crises impact investments, strategy, and economic indicators. New graphics more clearly illuminate how key indicators impact interest rates, bond and stock prices, and currency values; and hundreds of websites containing US and global economic indicators have been updated. This classic book has long been considered an invaluable resource by professionals who need to understand the true meaning of the latest economic trends. With this new edition, Bernie Baumohl has made it even more useful.

Every day, stocks, bonds, and currencies bounce wildly in response to new economic indicators. Money managers obsess over those statistics, because they provide crucial clues about the future of the economy and the financial markets. Now you can use these indicators to make smarter investment decisions, just like the professionals do. You don't need an economics degree, or a CPA... just this easy-to-use book.

Former *TIM* Magazine senior economics reporter Bernard Baumohl has done the impossible: he's made economic indicators fascinating. Using real-world examples and stories, Baumohl illuminates every U.S. and foreign indicator that matters. Where to find them. What they look like. What the insiders know
